

JJ Plastalloy Pvt. Ltd.

Shed Net

Want to increase life of Shed Net

Use JJ Plastalloy Masterbatches

- Excellent Dispersion hence no issue of Frequent Mesh Choking, Increased time interval to clean the filters
- Very fine size and very high filterability raw material used which ensure product gives excellent performance even in low thickness filaments
- Absolutely Consistent colour batches after batches since Quality In Quality Out (QIQO) Methodology used to manufacture these Masterbatches
- No Colour Fading even after long exposure to direct sunlight
- Very high Heat Stability. No chances of any burnt particles or carbon deposition
